## *The President's Wife and the Librarian: Letters at an Exhibition*

documents a remarkable literary friendship between Edith Kermit Roosevelt, the wife of Theodore Roosevelt, the 26th President of the United States, and the New York Society Library's Marion Morrison King from 1920 to 1947.

"*The President's Wife and the Librarian* is a story... of New York City in a time now thought of with nostalgia. It is a piece of the reading history of America, seen through the bookish life of the President's wife."
