# ANNUAL REPORT

## OF THE

# TRUSTEES

## OF THE

# NEW YORK SOCIETY LIBRARY.

---

The Trustees of the New York Society Library respectfully submit to the members of the Corporation, the following report of its affairs and condition, during the year ending March 31st, 1886.

From the report of the Treasurer, which is also herewith submitted, it will be seen that—

The receipts from all sources including the balance brought over from last year, amount to.....	\$ 13,767.19
Of which there have been received from annual dues and other usual sources of income, (rents excepted).....	5,009.65
(a decrease from last year of \$167.10.)	
From rents of Chatham Street real estate, and rent of rooms in the Library Building. ....	6,308.30
(an increase from last year of \$458.30.)	
The balance on hand in the Treasury is, in the general fund, and available for the regular ordinary expenses of the Library, .....	2,356.38
In the "Green Memorial Fund".....	1,401.58
of which latter fund the sum of \$903.40, is set aside for the purchase of books for the Green Alcove, and \$498.18 are available for the purchase of books of general literature, excluding works of prose fiction.	
The Library has also received from Gen. J. Meredith Read, a donation of.....	\$100.00

The addition to the number of volumes in the Library during the past year has been 1,154, of which number 489 volumes, were works of fiction in English, French, German and Italian.

The number of volumes drawn from the Library by members and temporary subscribers, is 23,848, a slight decrease from the number given out during the preceding year. Of the whole number, works of fiction constituted about 43 per cent.

On the other hand there has been an increase in the number of persons frequenting the Library for consultation of authorities, and for reading in the room. The same is true of the Green Alcove, which is more and more frequented, as its treasures of art become more widely known, and its practical usefulness in furnishing models to artistic workers, is better appreciated.

The Trustees take pleasure in stating that the funds of the Library are safely and profitably invested, for which they refer to the report of the Treasurer and of the Auditing Committee, and that the income, after paying the necessary expenses, is used in providing substantial, useful and entertaining reading matter for its members and subscribers.

The administration of the Library has been economically conducted, the whole amount of salaries not exceeding \$4,170. There have been no changes during the year in the persons employed.

It is a matter of regret however, that with so well selected and so large a collection of books, the Library gains so few additional members, and so few new subscribers. The number of temporary subscribers for the year just closed is only 57, and the amount received from them, \$320.50. It may be worth considering whether the amount of the annual subscription may not be too high, and whether the establishment of a branch office in some convenient locality in the upper part of the city, may not increase the number of readers and extend the usefulness of the Institution. Other Libraries are making appeals to the public for additions to their funds; why may not the oldest City Library hope to find some kind friends among the wealthy men of New York, who will be willing and glad to add to its endowments?

HENRY DRISLER,  
*Chairman.*
